Applications for SysAdmin positions are now open!

Interested in joining Netsoc in
a technical role?

» » »

Why you should apply:

Netsoc has **brand-new servers** for the first time in over 10 years—boasting 64 cores, 128 threads, and 400GB RAM.

Create and manage exciting new services like web hosting, containerized environments, and more for our members.

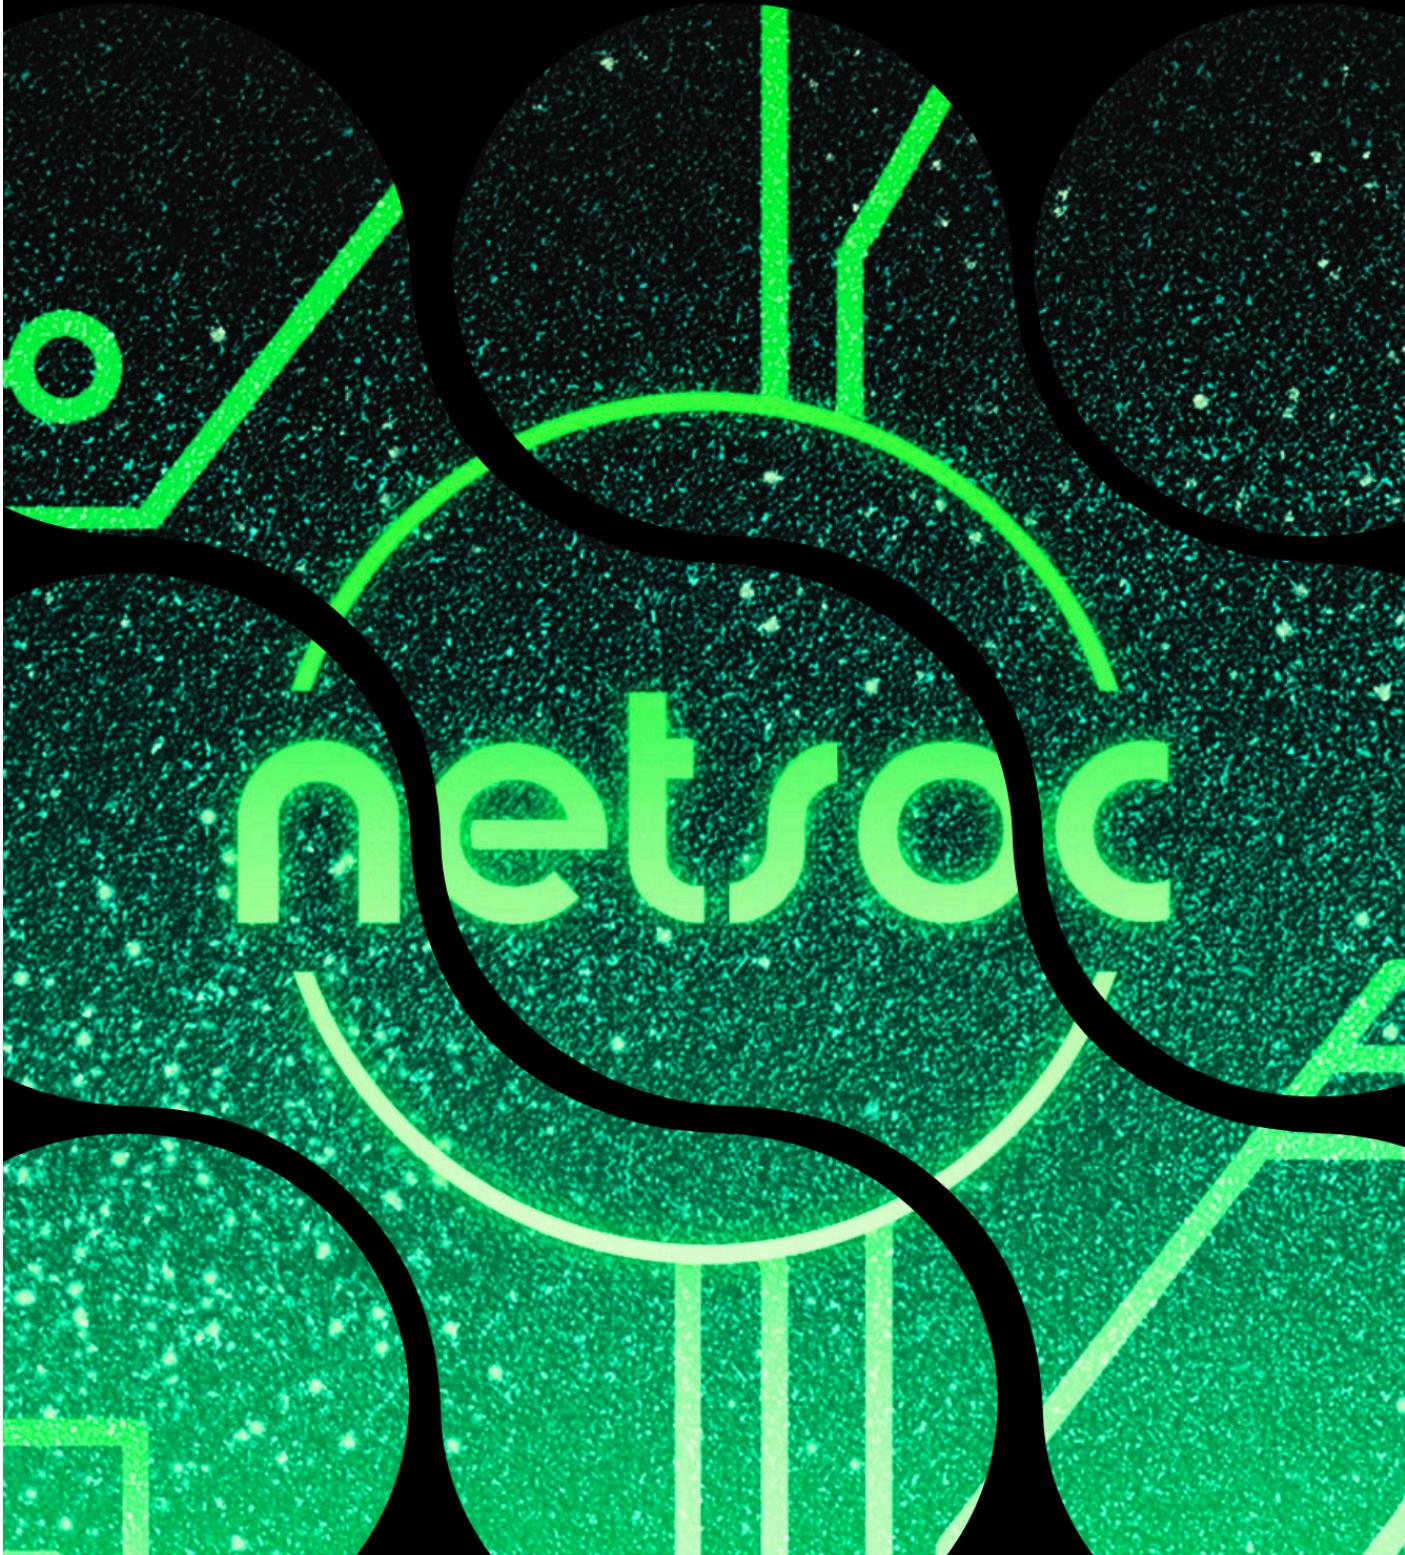

Gain **real-world sysadmin/SRE experience** you'd typically only get by managing your own server cluster.

Enhance your CV—many sysadmins go on to have successful careers at top companies like Google, Amazon, and Microsoft, etc.

UCD Internet Society - more affectionately known as Netsoc - is **University College Dublin's Internet & Computer Science Society**. Established in 1995, Netsoc initially aimed to provide internet access to UCD students. Today, we're a **vibrant community** dedicated to fostering **technological learning and professional development**.

Each year, we aim to create **meaningful partnerships** within the tech industry to give our members the best career opportunities & to **discover companies like yours**.

JOIN US!

We would like to **invite you** to sponsor us this year.

Our sponsors are incredibly **important** to us, as they are a fundamental **catalyst of growth** in our society.

Throughout the years, our members have gone onto **intern and secure positions at our sponsor's companies** upon graduation, having **gained exposure** to these companies through our society.

Sponsoring Netsoc provides your company with the opportunity to engage with some of the **brightest and most ambitious computer science students** in the country & the chance to establish a presence in the university **ranked #1 for graduate employability nationwide**.

Our sponsors in recent years have included Google, Microsoft, Amazon, SIG, Stripe, Arista, ... and we hope to add **you** to this amazing list!
